

# Daily Edmonton Bulletin.

Vol. 1

EDMONTON, ALBERTA THURSDAY MARCH 19 1903.

No 65

## APHIC.

Winnipeg, March 19.

### GRAIN PRICES.

Fort William No 1 hard, spot, 72 1/2 c.

Winnipeg oats, 2 white 30c.

### SAD DROWNING.

Four boys were drowned at Point St. Charles, Que.

### SEA SICKNESS KILLED HIM.

Jingo, the largest elephant in the world, died en route the Atlantic.

### THE JUDGES IN THE GAMEY CHARGES.

Sir John Boyd and Chief Justice Falconbridge will investigate the Gamey charges.

### IT'S ALWAYS THE ENGINEER.

Two engineers were killed in a head-on collision near Washington, New Jersey.

### STRIKE ON THE COAST.

The C. P. R. claim they can replace all their lost crews on the coast.

### LAKE NAVIGATION TO OPEN.

Fort William is getting ready for the opening of navigation.

### HOLDING UP THE MAILS.

President Bates, of the United Brotherhood of Railway Engineers, has been summoned for conspiring to delay His Majesty's mails.

### NEW PARTY LEADER IN B. C.

Ralph Smith, M. P., may lead British Columbia Liberals on party lines.

### ROSS GAINS ONE.

Dr. Rutledge, Liberal M. P. P., has been confirmed in his seat for East Middlesex, Ont.

### THE TRANSPORTATION COMMISSIONS.

C. N. Bell, of Winnipeg, and X. Perault, of Montreal, have been appointed secretaries of the transportation commissions.

### PORT SASKATCHEWAN.

Port Saskatchewan, Mar. 19. Mr. McLeod, chief engineer, and Mr. James, officials of the C. N. R., accompanied by Mayor Short, of Edmonton, paid the town a flying visit yesterday on business connected with their company.

A meeting was called last night of the ratepayers of the district to discuss the advisability of building a new school. The subject was discussed by all present and it was moved by Mr. Shera, M. L. A., seconded by Mr. Clark that the board have a vote of the ratepayers of the district for the purpose of levying a debenture for an eight thousand dollar school which was unanimously carried.

J. A. Whitson has gone in partnership with Simmons in the livery business.

Cushing Bros. have erected a warehouse on their new site.

Mr. Clarke has erected a new barn on his lots on Ingle avenue.

### WHITEFORD.

Our district has been saddened by the death of one of our most highly respected and aged citizens, Mr. Frederick Desjarlais, better known as Frederick Ka-Kahk. Our brother has had a long and useful life being seventy-seven years of age at his death. Early in the evening of March 12th, Mr. Desjarlais passed quietly away surrounded by many of his relatives; thus was his long illness brought to a peaceful end and he was called to meet his God whom he had served faithfully for so many years, and whose blessed presence was his greatest comfort. Mr. Desjarlais was born in the province of Manitoba early in the last century. When a young man he came west and spent many years as a hunter and trapper for the Hudson's Bay Company. He afterwards became the companion, guide and assistant of Rev. G. McDougall and on his death assisted the Rev. J. McDougall, who yet is in the same work. Mr. Desjarlais has seen most of the advancement of the missionary cause in the west, and he being a favorite among the people of the north it made his service most valuable. He leaves behind him a wife and four children while three others of his family many years ago crossed the Jordan to walk his coming. His family are all living in this vicinity and before his death he could see around him not only his grandchildren but also his great-grandchildren. The funeral took place on Saturday, March 14th, leaving the house at 9 a. m. for Victoria where he rests beside the three children who preceded him. He was a grand, noble and useful life full of confidence in God and blessed assurance in the life beyond the grave. The bereft family have the heartfelt sympathy of the community in their sorrow.

March 12, 1903.

## LOCAL.

—Mr. and Mrs. Bruce Powley have taken up their residence in the house at the corner of Howard and Elizabeth streets.

—A tourist car containing about twenty settlers came through to Edmonton station yesterday. The immigrants were from Minnesota.

—At the police court this morning Angus McMillan was fined three dollars and costs and Levi Leggett five dollars and costs for being drunk and disorderly.

—G. J. Bryan, school inspector, leaves for Calgary on Monday next where he has been stationed as school inspector. Mr. Perrett, school inspector, will be stationed at Edmonton.

—Five cars of settlers' effects arrived in Edmonton yesterday from Minnesota. The cars were being unloaded yesterday afternoon and some very fine stock was in evidence.

—Levi Leggett and Rob Minne became involved in a row last evening on Jasper avenue east. Both were intoxicated. The result was that Leggett was transferred to the safety of the cells in charge of Constables Dean and Budd and Minne was conveyed to the public hospital suffering from a broken nose.

—G. M. Ross has received his medal commemorating his services in the Northwest rebellion in 1885. The medal is made at the Royal mint and is of clear silver. On one side is the Queen's head and on the other the inscription "Northwest Canada, 1885," surrounded by a wreath of maple leaves. The medal is suspended from the regimental colors and on the edge of it is engraved the owner's name and number.

—The strike on the C. P. R. is extending and is having far reaching influences. The last few days it has been almost impossible to get any freight into Edmonton in less quantities than car-loads. Small and general freight is not being shipped. The last few days only one way car has come into Edmonton. This presses heavily on merchants who seldom get their goods in by the car load and the particular effect of the strike is more noticeable in the smaller towns along the line where freight is got in almost entirely in small amounts.

### HOCKEY MATCH.

The very exciting hockey match which took place on Thistle rink, Edmonton, last night between the second teams of Strathcona and Edmonton for the Rutherford medals, resulted in a victory for Edmonton, 8-4. The game was a good one and the attendance fair. An exciting feature of the game was a mixup between J. C. McDougall and Durrand of Strathcona. The referee decided that both players should grace the fence for two minutes which they accordingly did. The opinion of the spectators was that the game was one of the fastest played in Edmonton this winter. Edmonton forwards particularly starring.

The teams lined up as follows:  
Edmonton: C. Matheson, goal; Gainer, J. C. McDougall, point; C. Robolt, J. W. Johnston, cover point; J. Blain, H. Bellwell, rover; Spona, W. C. Inglis, forwards; Durrand, T. McNamara, Durrand, M. McDermott, Dunn, Goal umpires, Dawson, McLeod, Referee, Colclough, Score, 8-4.

### EDMONTON TRADE.

From Monday, March 16th, to Wednesday, March 18th, seventeen cars of freight have come into Edmonton station and seven have gone out, as follows:

Incoming.	Cars.
Hardware for J. A. Stord.	2
Lumber for D. R. Fraser.	1

## TARIFF REVISION

The Bulletin is in receipt of a typewritten circular without heading or signature which makes what it claims to be a novel suggestion in regard to revision of the tariff. The writer declares that "revision of tariff is the question of the hour, and that conservative and liberal patriots and liberal manufacturers desire it. The inference is that liberals who do not desire it are not patriots any more than they are manufacturers. The suggestion is that the manufacturers submit lists of prices at which they find themselves to sell their products and these prices having been found or having been made satisfactory, parliament forthwith grant a prohibitive tariff; in the words of the circular, "At no cost to the consumer." The idea is certainly a brilliant one. It is the condensed doctrine and argument of the manufacturers ever since the campaign of '78. The difference between the demands of the manufacturers and the suggestion made, which constitutes the originality, is that whereas the manufacturers now and always have declared that if they were assured the home market, they not only could but also would sell their products cheaper to the home consumers, the idea of the writer of the circular is that instead of vague promises they bind themselves, or are bound, to do this.

If there is nothing else in the suggestion it shows how far from a sound business proposition the present position of the manufacturers is, in their demand for a prohibitive tariff and their promise that prices shall not be increased. The manufacturers want the tariff fixed, and the prices left at their will. The circular asks that the prices be fixed and the tariff adjusted at the will of the people. It is to be feared that if the suggested arrangements were made the conditions would be worse than they are now because of the possibility of the home manufacturer disorganizing the balance between supply and demand and therefore putting the consumer at the mercy of the foreign import, the prohibitive duty. When the manufacturers' association brings in a schedule of prices at which they will guarantee to supply the Canadian consumer, then and not till then, will they be in a position to logically claim a prohibitive tariff.

## THE RAILWAY BONUS BY LAW.

Voting on the to-law to raise thirty thousand dollars for railway purposes will be voted on by the electors on April 6th. The details of the use to which it is intended to put the money that raised are a matter of the greatest importance in deciding the electors as to their vote. The to-law is submitted in pursuance of the arrangements arrived at by the town council with the Canadian Northern railway, under which, in consideration of a free right of way, free station grounds and yards and exemption from taxation, the company undertakes to place this station in the town of Edmonton at a point to be selected by the council, and to also establish Edmonton as their chief divisional point in the west. The place agreed upon for the location of the station, and yards is on the Hudson's Bay Co. property between First and Third streets and north of Mackenzie avenue. The right of way crosses the Hudson's Bay Co. property in its whole width going westerly, and crosses river lots 6, 8, 10, 12 and 14 coming from the east. The cost to the town of the seventy acres required for station grounds, yards and right of way on the Hudson's Bay Co. property is fifteen thousand dollars. That was the amount agreed upon, and the money has been raised on the security of responsible business men of the town and paid over. The Canadian Northern Railway Co. has contributed five thousand dollars in addition, and the business department of the Hudson's Bay Co. another five thousand, thus making up the total of twenty-five thousand charged for the land. The part of the transaction is correct but there remains the securing of the right of way westerly across the river lots mentioned. As the line passes through a somewhat desolate portion of the town it will cost considerable money to acquire the property and that cost is estimated at nearly fifteen thousand dollars. A large number of property owners have to be dealt with. The right of way runs on 7th street for some distance and a fixed amount to clear the right of way cannot be arrived at until the negotiations now in progress have been completed. If the whole amount voted is not required it will not be used, but from the negotiations with property owners which have already taken place, it is likely that over ten thousand dollars will be required.

On the merits of the question as to whether the town should contribute even twenty-five thousand dollars for the benefit of the railway company, there is room for argument. But the citizens of the town having regard to the future progress and final stability of the place can only take one side in the argument. No doubt the railway company should for its own interest seek the most convenient place in the town for its station and yards. But on the other hand when a business centre is not so fully established but that an inconveniently situated station might seriously mar its prospects it is not for the citizen to argue on the question of abstract right. His business is to secure the protection of his interests by the convenient location of the railway station. And even if this does cost him something, as long as the price is reasonable it is business on his part to pay it. While it is quite competent for parliament to compel the railway company to enter the town, it is not competent for parliament to compel a railway company to make a large expenditure of its funds in order to reach a certain part of any town, and it can scarcely be expected that the railway company will make a large expenditure of its own money in order to accommodate and increase the value of the property of the very men who compel the expenditure. It is a fair business proposition that if the town wants the railroad company to place its station and grounds at a certain point, it should pay at least a share of the cost of reaching that point. That is the principle upon which the negotiations between the company and town authorities have been based, and there can be no doubt that the action of the town representatives will be supported by the citizens at the poll on April 6th.

Sometime in the future when the city of Edmonton shall have become a railroad centre it will be in order for the citizens to fold their arms, and when another railway wishes to enter to leave the matter entirely in the hands of the railway company. Unfortunately Edmonton is not yet a city nor a railroad centre; nor will it ever be one or the other unless a station is made in securing a railway so situated as to help and not hurt the established interests of the place. The money that we spend to get one railway will in a degree help to get us a second and a third. For where one railroad already has a large established business is where a second railroad naturally wants to come. What we may do, or have to do, in future in regard to railroad projects may be left for the future to decide. What we have to do now is to nail down good and hard the bargain whereby Edmonton becomes the leading point of a through railway line. When that has been achieved will be the time to talk of the next proposition.

**WANTED.**  
Englishman wishes situation in livery feed or other stable accustomed to horses, buying and selling, etc. J. A. B. Bulletin office. d.64-69p.

Store News

## MEN'S CLOTHING

Men's Suits, some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy chevrons. The man who wants something "a little different" will appreciate the present showing of

## PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ton weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and look well for months and months. No need to argue with yourself, even though you have a good Suit or Overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable.

A good address goes a long way in aiding a man to forgo the front. We materially assist in giving you a presentable appearance by furnishing fashionable cut attire at prices below tailor made. Elegant patterns, careful workmanship. No clothing fits like ours.

## BOYS' CLOTHING

## NG THAT DEFIES JUVENILE GYMNAS

you know how near useless it is to admonish youngsters to get good clothes. The only remedy is to get good clothes, but don't pay too much. Clothing is cheaper for a healthy boy than doctors' bills for a sick boy. The boyish boy.

RAIN PROOF  
And other  
OVERCOATS

Cravenetted fabrics go through a process that goes to the foundation of the cloth—the very fibres that make the wool that makes the yarn are made non-absorbent. No earmarks of waterproof, no odor—no stiffness—is porous to air. The power of "cravenette" is in disguise until attacked by rain.

We have them  
From \$10 to \$16  
All sizes and colors.

## McDOUGALL &amp; SECORD

WHOLESALE AND RETAIL.

Phone 36.

EDMONTON.

## LIBERAL ASSOCIATION MEETS.

The annual meeting of the Old Liberals' association was held in Gariepy's hall last night, there being a very representative gathering. Mr. H. S. Young, as president of the Old Liberals association, called the meeting to order and explained that it was called for the purpose of re-organization. Speeches were made by several of Edmonton's most representative men. In the absence of H. C. Taylor, J. R. Boyle was appointed secretary pro tem. The election of officers was then proceeded with and resulted as follows:

President, J. H. Picard.  
Vice-President, D. W. Macdonald.  
Secretary, John Cameron.  
The appointment of an executive committee was deferred until the next meeting of the association.

By a unanimous vote Mr. Oliver's views on the tariff and railway problem were heartily endorsed.

A hearty vote of confidence in Mr. Oliver's conduct and in his representation of this riding was then passed unanimously.

A vote of confidence in the Laurier government was passed, coupled with the congratulations of the association to Sir Wilfrid on his complete restoration to health.

The meeting then adjourned.

## HIGH SCHOOL LITERARY

The weekly meeting of the high school literary society was held on Wednesday afternoon, the president, Miss Moore, presiding. The programme included the reading of the minutes by the secretary, D. Rose, Jr., William solo, Miss Clara Oliver, vocal solo, "Canadian Boat Song," Miss Maud McCauley, Reading, Bertie Huff, Vocal solo, "Dolly Gray," Miss Mary Reid. Debate: "Resolved that the government is justified in bringing Galicia to this country." Affirmative, Miss Winnie Shand, and Miss Maud McCauley. Negative, Miss Anna Oliver and Miss Flossie Sutter. Other remarks, Mr. Sifton.

## AGRICULTURE

March 11, 1903.  
A large and influential gathering of the residents of local improvement district No. 459, assembled at the home of Mr. E. O. Just, S. E. 1-4, 19-53-21, on Tuesday, March 10th at 8 p. m. for the discussion of the government ownership project.

Ernest O. Just, who filled the chair while Mr. James H. Heacock, overseer of the district, acted as secretary. The chairman delivered a spirited and telling argument in favor of government ownership and strongly condemned the practice of granting land and other government aid to railways; citing many instances of flagrant corruption resulting from the granting of indiscriminate aid to monopolistic enterprise. Throughout his remarks he strongly favored the government ownership of railways and mines referring to several instances which have come under his personal notice in the States in cases of strikes and other disturbances, where the government was obliged to assume control and operation of railways after the companies owning the same had failed, thus proving the necessity of government control of such enterprises.

E. W. Brown spoke at length on the subject referring to the excellent manner in which the British government controlled the express and telegraph business in England in favor of the people, contrasting the low prices in wages in that country with the exorbitant rates charged by the C. P. R. Thos. Duffies, a hero of the South African campaign, in his speech, referred principally to the splendid service of the inter-oceanic railway, the only government railway in Canada and expressed his opinion that the project of government ownership was entirely practicable. Mr. Walter Hughes, Jr., and the secretary also addressed the meeting as lines similar to those laid down by the preceding speakers, both expressing themselves strongly in favor of organization of the farmers to combat the railway and other monopolies. Several other speeches followed after which Mr. Thomas Duffies was appointed to represent the district at the convention in Edmonton on the 14th inst.

The following resolution was then read and adopted unanimously by the meeting:

Resolved: that, in the opinion of this meeting, the prosperity of the Northwest Territories has been seriously retarded by the exorbitant rates charged by the C. P. R. and also that the large tracts of land owned by the said company, contributing nothing toward the local improvements of the districts in which they are situated, have placed a double burden on the actual settlers and are a serious drawback to the future of the whole country.

Also, as other companies are now projecting lines through the Territories and asking government aid in lands and public money to assist their enterprises.

Therefore this meeting desires to express its disapproval of any free grant of public money or public lands to any company or corporation, believing that these enterprises should be owned and entirely controlled by the government in the interests of the whole people of Canada.

Signed on behalf of the meeting:  
Ernest O. Just, chairman,  
James H. Heacock, secretary.

## HURON SCHOOL CONCERT

March 13, 1903.  
The concert held in Huron school house on Wednesday evening last was well attended, although several expected from distant points could not be present on account of the very heavy roads.

Notwithstanding the shortage of instrumental music, the programme was a good one and well conducted by Mr. S. Hagen as chairman. Much credit is due to Miss C. A. Boyle for the thorough training of the young participants.

Following is the programme:  
Address, the chairman.  
Organ recital, Miss M. Hagen.  
Recitation, Eric Kirk.  
Song, Rev. S. Brook.  
Recitation, Russell Hagen.  
Recitation, Mabel Chandler.  
Duet, Misses Hagen.  
Recitation, Mr. M. Johnston.  
Solo, Miss McKay.  
Recitation, Roy Conch.  
Recitation, Myrtle Johnston.  
Recitation, John Kirk.  
Chorus, the school.  
Recitation, Lloyd Kirk.  
An interval followed for refreshments and the programme was then resumed.

Recitation, Miss C. A. Boyle.  
Song, Mr. S. Hagen.  
Recitation, Rev. Hagen.  
Tableaux, Mrs. Conch, Mrs. Kirk, Misses Boyle and Chandler.  
Recitation, Pearl Johnston.  
Recitation, Eric Kirk.  
Solo, Rev. S. Brook.  
Dialogue, boys of the school.  
Recitation, Harvey Hagen.  
The entertainment closed with the singing of "The Maple Leaf Forever."

## Winnipeg Markets

Commercial, March 14.  
The trade in Manitoba wheat for the past week has for the most part been quiet, but with the advance in American markets on Wednesday a better inquiry started up, and although these markets have not held their advance, there is only a difference in the value of Manitoba wheat of 1-4c from a week ago. What is most striking is that the downright dullness of a week ago has been succeeded by eager inquiry.

A week ago a buyer was scarcely to be found, but now buyers at what is considered to be the market price are not scarce. Holders are not ready sellers except at higher prices. At the close of business yesterday we quote values: No. 1 hard, 72c; 1 northern, 71c; 2 northern, 69 3/4c; and 3 northern, 67c, spot or delivery; first half of March, and for May delivery, 1 hard, 75c; 1 northern, 73c; 2 northern, 71 1/2c; 3 northern, 68 1/2c, all in store. Port William, Port Arthur or Duluth.

Oats—Receipts are moderate and there is at no time a surplus in the market. There is some demand for oats from the east which is helping to keep up prices. The fact that country roads are beginning to break up, thus preventing traffic, should be kept in view now in considering the oat market. Some are of the opinion that this will produce higher prices. There will also in the near future be a good demand for best grades for seeding. As compared with a week ago prices are to-day 1-2c lower. We quote: No. 1 white in carlots on track are worth 27 1/2c per bushel; No. 2 white, 1 29 1/2c and feed grades, 25 1/2c. Farmers' loads on the street are bringing 25c, and at country points about 25c. Brokers are asking 25c to 26c for carlots in the country.

Barley—The market is firm and the movement light. Dealers are paying 31c to 32c per bushel for feed grades on the street here.

## FOR SALE OR EXCHANGE

Two first class improved 1-4 sections. One situated in East Clover Bar, One situated in Colchester school district. Will exchange for Town Property. Apply to

R. L. HOAR.  
Office of Kelly & Banks, agents, Front & Wood St.

A. LEMARCHAND, O. M. I.  
J. A. JAN, O. M. I.

## THE CANADIAN NORTHERN.

General Superintendent James and Chief Engineer MacLeod, who visited Edmonton and Fort Saskatchewan yesterday, expressed themselves very confidently as to expediting active work on the Canadian Northern main line during the coming summer. It is the intention that the grade and rails shall reach the vicinity of Battleford by winter. This will mean the construction of over 200 miles of railway. The rails have been purchased, and tenders are now being asked for the steel for two bridges, one to cross the South Branch of the river and the other the North Branch of the Saskatchewan at the Elbow. The South Branch bridge is over one thousand feet in length and the North Branch over twelve hundred. The piers will be of concrete, as stone suitable for bridge piers is not available. The boulders of the river will be crushed and mixed with cement to make the concrete. A large crushing plant has been purchased and will be brought up as soon as navigation opens. Work on the piers will be pushed, and it is expected that they will be completed ready for the rails in the fall. The plans of the location survey of the railway from Shell River, Manitoba, the end of the present grade, to Edmonton were deposited in the railway department, Ottawa, several weeks ago and are now only awaiting the formal approval of the government. If that has not already been given, the company expects to be able to place under contract at least one hundred miles of grade from Edmonton eastward this summer, but no effort will be made to iron this portion of the line until it is reached by the company's own rails from the east. The fall of 1904 is fixed as the date of the completion of the line to Edmonton.

The surveys from Edmonton westward and north westward have progressed satisfactorily. Mr. Armstrong has completed the location of a line westward to the Pembina by way of Stony Plain and will now probably be employed in improving the already located line eastward, as the work was done somewhat hurriedly. MacParlane's preliminary survey north westward has crossed the Pembina and reached the Athabasca near Fort Assiniboine. He will now turn and locate the line back to Edmonton.

Speaking of the spur connecting Edmonton with Strathcona, Mr. MacLeod does not expect any serious difficulty in the spring as the road bed seems to be firmly established. Should anything occur however, Mr. Pace will have authority to repair damages at once, so that there will be no interruption of traffic, or in case of unavoidable difficulties as little delay as possible. It is not decided that the line will be extended up the hill until it is necessary to make a connection with the main line when that is completed, but it may be done. It is probable that in any case a short extension will be built to the gravel pit, a few hundred yards beyond the station, as gravel will be needed in the improvement of the spur. Although the company has not so far made any money out of the operation of the spur, they have no other intention than to continue it, making it as convenient for the public as possible.

Although the gentlemen had nothing to say as to the reports circulated through newspapers, of the Canadian Northern selling out to the Grand Trunk, it would appear from their general statement of the plans of the company that there was no intention of doing this. It would also appear that cordial relations have been established between the Canadian Pacific railway and the Canadian Northern, as they have reached an agreement whereby traffic for Canadian Northern points in Manitoba is carried over the Canadian Pacific railway north shore line on a fair division of the rate. Whether this is of great material advantage or not, it does away at once with strong objections that had been urged to the Canadian Northern scheme, namely, that having reached Port Arthur it would be blocked from access to the east during the winter months, and would have to seek a winter outlet through the United States. Whether these better relations between the Canadian Northern and the C. P. R. will have any effect on the expressed intentions of the C. P. R. to closely parallel the Canadian Northern line throughout the Saskatchewan valley, Messrs. James and MacLeod could give no information.

## Valuable Property For Sale

The old Johnny Grant homestead, one of the finest stock ranches in Alberta, situated on the shores of Bitter Lake, about east of the rising town of Wainwright.

The property comprises 570 acres of land, including houses, stables, and out-buildings. A fine farm is fenced and 60 acres of hay is raised. A large quantity of alfalfa is raised. Excellent grazing country surrounds the place.

In the Clover Bar district: One quarter section, 11 miles east of Edmonton on the main line, all under fence. Forty acres under crop during the past year. Spring creek, never frozen over. Small house, stables and granary.

For price and further particulars, apply to

K. A. McLEOD,  
McLeod Block.
